# SUPERABRASIVE

# Popular LAVINA® tooling

## NEW! Heavy Duty Polishing Pads

Appropriate for polishing

- Superabrasive's new heavy duty resins are designed to withstand the weight and pressure of even the heaviest grinding and polishing machines
- The grinding steps (30 to 200 grit) feature a special "hybrid" metal-resin bond
- Offered in 3 and 4 inch sizes, from 30 to 3500 grit
- Can be used wet or dry

## NATO® Polishing Pads

Appropriate for polishing

- NATO® pads feature an extra thick 12mm layer of resin and diamonds, and are one of our most popular solutions for concrete honing and polishing
- Designed for soft, medium, and hard concrete
- 3 and 4 inch pads are available in grits from 30 to 3500 grits (4 inch available up to 1500 grit)
- Bonds available for wet and dry applications

## V-HARR® Polishing Pads

Appropriate for polishing

- Superabrasive's most popular solution for final concrete polishing steps
- Work with soft, medium, and hard concrete
- Available in grits from 30 to 3500 grits, and in a wide variety of sizes including 5, 7, 8, 9, and 13.5"
- V-HARR® pads feature a special combination of felt, resin, and diamonds for a premium shine

## ShinePro Maintenance Pads

Appropriate for edge polishing

- Superabrasive's new solution for concrete floor maintenance
- Available in a wide variety of sizes, including 13, 14, 17, 20, 21, 27 inches and more
- High quality diamond impregnated pads, from 220 to BUFF grit
- Require only water; no chemicals or waxes needed
- Can be also used dry

## Foam and QuickChange Plates for Other Manufacturers' Machines

- Convert other manufacturers' machines to LAVINA® tooling; we offer foam and QuickChange plates for HTC / Sase, Husqvarna, Edco, Diamatic, STI / PrepMaster, and Klindex
